Hobbies

■ Solving puzzles

■ Reading a book

■ Playing football

■ Listening to Music

■ Watch a movie

Qualities

■ I have a high interest and curiosity in software and technology. My stubborn personality allows me not to give up without solving the problems I face. Thanks to my strong communication skills, I have no problems in dealing with people.

Fatih Altuntaş

Computer Engineer

Education

University   **Oct 2021 - Present**
Fırat University, Elazığ
I discovered my interest and skills in software at university. By focusing on projects, I had the opportunity to transform my theoretical knowledge into practical applications. My goal is to build a successful career in the industry by improving my software skills. On this path, I strive to realize my own projects by using the technical knowledge I have learned. My Computer Engineering education at Fırat University further reinforced my interest in software and laid a solid foundation for my future career.

Skills

C

C#

Java, JavaFx, Swing

Python

SQL Server, MySQL Workbench

Courses

C Programlama Dili   **Feb 2024**
